**Re: Advice on implementing recommendations from the ERDC Coastal Inquiry of 2021 (ref: CEW2200327)**

Thank you for your reply of 29/6/22 in response to the *Australian Coastal Society (ACS)* letter enquiring about implementation of the 2021 ERDC Coastal Inquiry recommendations.

In your response letter you said that you “*have now sought advice from the Department for Environment and Water (DEW) concerning the implications of the recommendations and how they can be implemented*”.

Given your request for advice from DEW is now four months old the ACS is interested to know if there has been any progress?

The ACS looks forward to your positive response.

Yours faithfully,
